# PARTNERSHIP BROKERS TRAINING

Mildura, Australia | 30 June - 3 July 2025

Unlock the transformative potential of partnerships and harness their collective power to drive meaningful impact across sectors and communities. In today's interconnected world, where complex challenges demand innovative solutions, partnerships emerge as indispensable vehicles for driving change. By bringing together diverse stakeholders from business, nonprofit, government, academia, and philanthropy, partnerships foster collaboration to amplify impact in ways that individual actors simply cannot achieve alone.

Led by seasoned Authorised Practitioner Trainers from the Partnership Brokers Association (PBA), the Partnership Brokers Training (PBT) is designed to equip participants with the skills and insights needed to navigate the intricacies of partnership brokering and leadership. Crafted to resonate with learners from all backgrounds and sectors, the training blends theoretical insights with hands-on applications.

The PBT provides a nurturing environment where professionals can hone their skills through peer and scenario-based learning while leveraging insights to reflect upon the partnership cycle to inform their own partnership practice. The training not only equips participants with practical skills but also empowers them to champion a culture of collaboration and partnership within their respective organisations and communities.

Upon successful completion, graduates gain access to advanced pathways such as the Partnership Brokers Accreditation programme and/or the Brokering Certificate in Advanced Practice.
